**Education:**

2009- 2022 to this day- „Mkhitar Sebastaci,, educational complex

**Labor activity:**

During my studies at the educational complex, I participated and still participate in a many projects, programs and initiatives.

I will mention the most important of a number of projects.

In 2014, my friends and I started the „Bangladesh on wheels,, initiative. As part of the initiative, we spread the idea of skating, self- rolling and cycling throughout the educational complex. The project was widely spread. A number of TV companies became interested in this wonderful idea, li we became famous thanks to our perfect project.

In 2015, I won the annual „Ecotour,, review held at the educational complex and won an award - a trip for a week. I presented to Ecotour the extensive material I had prepared about bees and their lifestyles.

From May 2021 until now, I have been participating in the big project „Educational Revolution,, initiated by one of the high school students of the educational complex, Ilona Sahakyan, in the framework of which I regularly post materials about the project and conduct interviews with specialists.

In January 2022, I had a big participation in „Digitech 2022,,. I acted as a trainer.

**Hobbies:**

My hobbies are singing, dancing, reeding, dreeming and writing.

**Computer skills:**

Microsoft Office ` Word, Excel, Power Point, Paint, Movie Maker, Skype, Microsoft Teams, Canva, Uummy Video Converter.

**Languages:**

Armenian (excellent), English (good), Russian (enough), Spanish (excellent), Korean (good).
